

Drilling Instructions

Restrictions

1. Drill location measurements must be in 1/16" or 1/8" increments to the center of the hole(s).
2. The **minimum** distance we can drill is 0.25" from the edge of the product. All items are drilled once they are trimmed to size.
3. Our **maximum** distance from the edge we can drill is 3.75".
4. We can only drill up to 4 holes.
